

Datum: am 14.03.2020 um 09:00-19:00

Titel: DCG-Seminar mit Dr. John Minardi \"Neurology of the VSC\"

Speaker:

"Dr. John Minardi earned a Bachelor of Human Kinetics Degree, Honours Movement Science, from the University of Windsor, and a Doctor of Chiropractic Degree from the Canadian Memorial Chiropractic College. He is the creator, founder and head instructor of The Thompson Technique Seminar Series, and author of The Complete Thompson Textbook - Minardi Integrated Systems, the most extensive seminar series and textbook ever created for the technique.

In addition, Dr. Minardi's primary interest has been to understand the Neurology of the VSC. Dr. John brings a unique blend of passion, intensity, and excellent teaching skills in order to explain, in a practical manner, the VSC's segmental and global neurological effects that occur in the body. In addition to his busy lecture schedule, Dr. Minardi operates a full time practice in Oakville, Ontario."
